Visa: Student Visa (Subclass 500) | Availability: Part-time now | Full-time from Dec 2026

PROFESSIONAL SUMMARY

Enterprise IT professional with 3+ years of hands-on experience at Cognizant Technology Solutions supporting mission-critical healthcare operations for EmblemHealth and ConnectiCare (3.2M members). Currently finalizing a Master of Information Technology at Monash University (graduating Dec 2026) with strong academic performance (65.7 WAM). Demonstrated expertise in enterprise systems integration, cloud platform migrations, incident management, and IT operations, with a track record of delivering measurable business outcomes including USD 700K annual cost savings and 30% IT cost reduction over 5 years. Proactive problem solver with strong stakeholder engagement skills, technical documentation expertise, and proven ability to translate operational challenges into strategic solutions.

CORE COMPETENCIES

Enterprise Systems & Cloud: Oracle Cloud HCM | Genesys Cloud CX | Microsoft 365 (Teams, Exchange, SharePoint) | Google Cloud | AWS

IT Operations & Service Management: Incident & SLA Management | Root Cause Analysis | Change Management | ITSM Principles | Performance Monitoring | Netcool

Infrastructure & Administration: Windows/Linux Servers | SCCM | Active Directory | Azure MFA | IAM | CyberArk | SailPoint

Technical & Programming: COBOL | JCL | C/C++ | Java | SQL | DB2 | Kotlin | Firebase | API Integration

PROFESSIONAL EXPERIENCE

TeaMWork Virtual Internship - AI Strategy & Market Expansion

Monash-Warwick Alliance | Jul 2026 (Co-Lead, 7-person cross-university team)

- Led market expansion strategy development for Retragreen (Australian AI-powered smart HVAC company) targeting Singapore market
- Built comprehensive 6-criterion segment prioritisation matrix across FM portfolios (54/60 score), commercial buildings (47/60), and universities (44/60)
- Developed financial ROI models: FM segment SGD 4.35M annual savings (6-12 month payback), Commercial SGD 261K/yr, Universities SGD 696K/yr
- Identified 15 target companies across three segments and created 5-criterion pilot site framework
- Projected SGD 2M+ revenue pipeline with 12-month horizon and presented strategy to Retragreen leadership team

T&A FLEX Data Entry Assistant (HEW 4)

Monash University, School of Primary and Allied Health Care | Jul-Aug 2026

- Supported nimbus time and attendance system rollout across Peninsula Campus (500+ staff members)
- Identified critical go-live dependency blocking system deployment and escalated findings to stakeholders before operational disruption
- Processed and verified data entries with high accuracy standards

Microsoft 365 Administrator (Volunteer)

Basava Samiti APAC | Oct 2025-Present

- Manage M365 infrastructure across 8 APAC chapters (AU/NZ regions)
- Authored 3 operational SOPs (password reset, user provisioning, access management) reducing support ticket volume by 30-40%
- Eliminated password reset redundancy and created personalized communication templates for user onboarding

IT Postgraduate Peer Mentor | IT & Infrastructure Officer

Monash University | Jan 2026-Present | Oct 2025-Present

- Mentor 20+ postgraduate IT students (30+ volunteer hours); provide technical guidance and career development support
- Manage Slack, Notion, and collaboration infrastructure for Monash Data & AI Society (1,600+ active members)
- Also serve as IT & Infrastructure Officer and MSC Advisor for Monash Student Communities

PROFESSIONAL EXPERIENCE - COGNIZANT TECHNOLOGY SOLUTIONS

Programmer

EmblemHealth & ConnectiCare Support | Nov 2023-Jul 2024

- Monitored and managed 50-80+ Netcool alerts per shift; escalated critical incidents and maintained 95%+ Audit Dashboard Score
- Contributed to Genesys Cloud CX migration (30,000+ associates across 8 lines of business): 5% improvement in patient engagement, 20% reduction in manual interventions, 2% reduction in average handling times
- Administered Active Directory, Azure MFA, M365 (Teams, Exchange, SharePoint), CyberArk, and SailPoint across enterprise environment
- Designed and deployed Event Alert Dashboard with real-time alerting for critical operations

Programmer Analyst

EmblemHealth & ConnectiCare (3.2M members) | Apr 2022-Nov 2023

- Resolved 100+ incidents/month within SLA across healthcare applications; achieved 100% CSAT score and maintained 95%+ Audit Dashboard Score
- Drove Oracle Cloud HCM migration (17 modules, 11 months): USD 700K projected annual savings, 30% IT cost reduction over 5 years
- Authored comprehensive incident handling SOPs and documentation; reduced new-hire onboarding time by 50%+
- Named CSAT Champion (Sep 2023) for exceptional customer satisfaction performance
- Awarded Cognizant Cheers Sapphire and Amber Awards for outstanding contributions to business transformation initiatives
